**Leagues:** \$2,000 in Sponsorship Awards is available monthly to the top 3 finishers, (and in one case top 5 finishers) in each of our 8 Monthly Sponsorship Leagues. If you want to earn a sponsorship at PSO, you'll have to prove your worth by joining one of the leagues and be ranked among all of the other members in that league. The competition is stiff as members are allowed to play in only a set number of games to stay in their league.

**Matthew Hilger**

**Sponsorship Points:** At the end of the month, the highest ranked members in a particular league will come away with sponsorship points to be put toward a real sponsored seat in any tournament of their choice with a buy-in of \$500 or more.

**Russell Fox**

**Bankrolls:** Play money bankrolls are a reality in PokerSchool. In order to play in a tournament you must pay the buy-in with play money you've earned in low buy-in and freeroll tournaments. Players don't like to lose their bankroll and will play the best game they can to keep it.

PokerSchoolOnline allows you to expand your game against real people who are making a real effort to improve their game and be winning players. Usually this kind of practice can be a costly experience, but the school is proof that this is definitely the home of future champions, and last year some of our members took home over \$200,000 between them in final table finishes at major live poker tournaments.

## Friendly Community

PokerSchool Online promotes an atmosphere of camaraderie and friendship through its forum, profile, newsletter and more.

Forums

A great number of friendships are forged through PSO, in fact, we've even had our first wedding. Members are encouraged to get to know each other and learn from each other as they gain experience in both PSO tournaments and brick & mortar casinos.

PokerSchoolOnline facilitates these friendships by hosting an annual Convention and creating a profile section so members can upload pictures and update their own profiles. We also have a friendly forum where members frequently post their stories, questions, ideas, suggestions and explore new ideas in poker. Don't miss the PSO Scoop, a monthly newsletter with contributions from members and the PSO staff. Finally, our Poker Tournament software includes a large chat window for players to get to know each other.

After approval by internal review, your withdrawal will be sent to you according to the timing shown in the table below.

Any player requesting a cashout before having played at least 5 real money tournaments, 50 raked ring game hands, or a combination of the two may be required to pay all processing charges levied upon us for both their initial deposit, and for the cashout.
